# DENALI SUMMIT PLAN

## Covered Services

Good oral health is important. That's why there's Denali Dental. Don't have employer dental coverage? No problem. Denali Dental allows you to select your own dentist and is affordable for you and your family. This dental insurance plan helps you cover the costs of dental care. Covered dental services include exams, cleanings, fillings, and extractions, as well as crowns, bridges, and dentures. Payment will not be made to replace a tooth that has been missing prior to the effective date of coverage. This plan pays for covered dental expenses based upon the allowed amounts for those covered dental expenses after the one-time, Lifetime \$100 in-network Deductible or Lifetime \$200 out-of-network Deductible has been satisfied. The plan pays the following percentages of the allowed amounts: 100% for Preventive Services, 50% for Diagnostic Services, and 30% for Basic and Major Services in the first year. In the second year, coverage for Diagnostic Services increases to 75% and for Basic and Major Services 40%. In the third year, coverage for Diagnostic Services increases to 90% and for Basic and Major Services, 50%. In the fourth year coverage for Basic and Major Services increases to 60%.

### Preventive Service examples

- Two exams per calendar year
- Four cleanings per calendar year

### Diagnostic Service examples

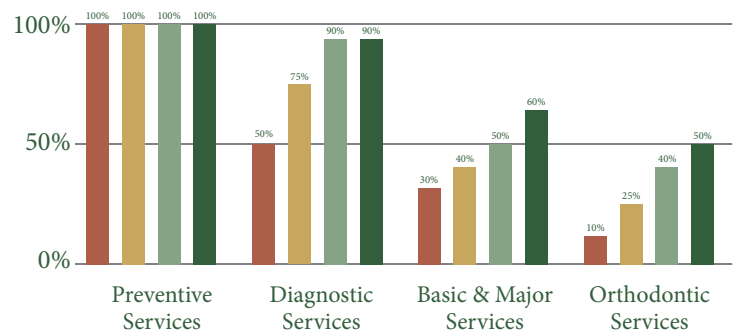

- One series of bitewing X-rays per calendar year
- Fluoride treatments limited to dependents under age 16
- Sealants limited to under age 14, one treatment per tooth for the occlusal surface of first and second permanent molars, once in any 3 year period

### Basic and Major Service examples

- Basic fillings
- Simple extractions
- One diagnostic X-ray, full or panoramic in any 3 year period
- Oral surgery
- Endodontic treatment
- Periodontic services
- Restoration services - inlays, onlays, crowns
- Prosthetic services - bridges and dentures
- Veneers (restorative only)
- Endosteal implants

## Benefits

- Annual Yearly Maximum
  - \$1,200 Year 1
  - \$2,000 Year 2
  - \$3,500 Year 3
  - \$6,000 Year 4
- Lifetime Deductible
  - \$100 for In-Network Services
  - \$200 for Out-of-Network Services

	Preventive Services	Diagnostic Services	Basic & Major Services	Orthodontic Services
Year 1	100%	50%	30%	10%
Year 2	100%	75%	40%	25%
Year 3	100%	90%	50%	40%
Year 4	100%	90%	60%	50%

## Orthodontic Services

Orthodontic care for proper alignment of teeth is offered to members of all ages. After a \$100 Lifetime Orthodontic Deductible, this plan pays for covered Orthodontic Services at 10% in year 1, 25% in year 2, 40% in year 3, and 50% in year 4.

- Orthodontic Services Annual Maximum
  - \$500 per year
  - \$1,500 per lifetime

## Allowed Amounts

The Denali Summit Plan promotes the value of maintaining good oral health practices year after year with benefits increasing over time and NO waiting periods. Individuals will likely experience the lowest out-of-pocket costs by visiting an in-network dentist, but have the flexibility to visit any dentist they choose.

- In-Network
  - PPO Fee
- Out-of-Network
  - 80th Percentile

Association Fee | Enrollment in Communicating for America (CA) requires a \$1 per month enrollment fee for membership as well as a separate, non-refundable, one-time set up charge. For nearly 50 years, Communicating for America (CA) has been providing benefits, services and health care advocacy for individuals and families. In that time, CA has grown from an organization of the self-employed in rural communities to a nationally known and well-respected association of individuals and families, representing both main street America and metropolitan cities throughout the country.

## Maximum Allowable Charge (MAC)

### In-Network

Services received from an in-network dentist are subject to the Maximum Allowable Charge (MAC). The MAC for each covered procedure is the amount agreed to by the dentist. Insured members are never balance billed for over the MAC allowed amount.

### Out-of-Network

Services received from an out-of-network dentist are also subject to the MAC. However, if the out-of-network dentist charges more than the MAC, the insured is responsible for the balance.

## Why dental insurance?

Did you know dentists can detect more than 120 signs and symptoms of non-dental diseases?<sup>2</sup>

Better oral health may lead to better overall health.

Oral health and overall health are connected, and dentists are in a unique position to detect more than 120 signs and symptoms of non-dental diseases—including diabetes and heart disease—through patient examination.<sup>2</sup> In many cases, extra cleanings can be beneficial to certain medical conditions, which is why our dental plan options include enhanced periodontal coverage for individuals with certain chronic and/or high-risk medical conditions like diabetes or coronary artery disease. Also, included in the plan designs is an OralCDx BrushTest<sup>®</sup> for oral cancer screening.

Many people may be more likely to visit their dentist more often than their primary care physician.

Routine dental visits have become an extremely important part of good health maintenance. The dental plan offering helps to remove financial barriers to oral health services and promotes preventive care so that small problems may not become painful, expensive ones.

# Plan Information

## » Group association:

For nearly 50 years, Communicating for America (CA) has been providing benefits, services and health care advocacy for individuals and families. In that time, CA has grown from an organization of the self-employed in rural communities to a nationally known and well-respected association of individuals and families, representing both main street America and metropolitan cities throughout the country.

## » Eligibility:

Denali Dental is available to individuals, their spouse and dependent children under the age of 26. The applicant must be a member of Communicating for America and all family members must be residents of the United States in order to be covered. In order for dependent children to be eligible for coverage, the applicant must be their parent or legal guardian.

## » Covered charges:

Covered charges must be incurred while the policy is in force and the person is covered by the policy. To become a covered charge, the dental services must be performed by: a licensed dentist performing dental services within the scope of his license; or a licensed dental hygienist acting under the supervision and direction of a dentist. A covered charge is considered incurred on the following dates: for full and partial dentures—on the date the final impression is taken; for fixed bridges, crowns, inlays and onlays—on the date the teeth are first prepared; for root canal therapy—on the date the pulp chamber is opened; for periodontal surgery—on the date surgery is performed; for all other services—on the date the service is performed.

## » Alternative benefit:

If we determine that a less expensive alternate procedure, service or course of treatment can be performed in place of the proposed treatment to correct a dental condition and the alternative treatment will produce a professionally satisfactory result, then the maximum we will allow will be the charge for the less expensive treatment.

## » Pre-treatment estimate

Except in an emergency, before you begin treatment that will cost more than the pre-treatment estimate amount shown on the Certificate's schedule of benefits page, your dentist must submit a claim to us describing the treatment necessary and its cost. This estimate is not a guarantee of payment. We will still consider a claim for which you have not obtained prior approval. However, the claims will be subject to reduced benefits based on our determination of Reasonable and Customary charges, and medically necessary treatment.

## » Coordination of benefits

This plan will be coordinated with any other individual, blanket or franchise plan under which an individual will receive benefits, unless prohibited by applicable law.

## » Right to return period

If you are not completely satisfied with this coverage and have not filed a claim, you may return the Certificate of Insurance within 10 days of the effective date and receive a premium refund.

## » Dental benefit increases and policy re-writes

Once a policy has been issued, benefit increases such as (but not limited to) increases in annual maximums and/or coinsurances, cannot be honored. In-force policies may not be canceled and re-written to increase the plan benefits.

# Exclusions/Limitations

## DENTAL

The following is a partial list of exclusions from coverage. Please consult the Certificate of Insurance for a complete description of charges, services and supplies excluded from coverage. Benefits will not be paid for dental expenses arising from or in connection with:

- Treatment, services or supplies which:
  - Are not medically necessary
  - Are not prescribed by a dentist
  - Are determined to be experimental/investigatory in nature by us
  - Are received without charge or legal obligation to pay
  - Would not routinely be paid in the absence of insurance
  - Are received from any family member
  - Are not covered procedures
- Self-inflicted injuries
- War or an act of war, whether or not declared
- A covered person's commission of a felony or an assault on another person
- Employment; whether caused by, related to, or as a condition of employment, including self-employment. This exclusion applies even if workers' compensation or any occupational disease or similar law does not cover the charges
- Congenital or development malformations existing on the covered person's effective date as shown in the certificate's schedule of benefits
- Periodontal splinting
- Porcelain on crowns, or pontics posterior to the 2nd bicuspid
- Replacement of partial or full dentures, fixed or removable bridge work, crowns, gold restorations and jackets more often than once in any five-year period
- Lost, stolen or missing dentures or bridges for duplicates
- Charges payable under any medical insurance
- Charges made by any government entity, unless the covered person is required to pay, or by any public entity from which coverage could have been obtained by application or enrollment even if application or enrollment was not actually made
- Use of materials, other than fluorides or sealants, to prevent tooth decay
- Bite registrations
- Bacteriologic cultures
- Therapeutic injections administered by a dentist

# 8 REASONS

for Dental Insurance

**1. Protect your smile.** Dental insurance exists just like any other insurance. It helps you protect your assets and manage your risks. If something were to happen, insurance is there to help control the costs.

**2. Dental health is linked to overall health.** That's kind of a big deal! Many systemic diseases such as diabetes, leukemia, cancer, heart disease, and kidney disease have oral characteristics that can be detected by the dentist with just an oral exam.

**3. People are more likely to go to the dentist when they have insurance.** This alone may help motivate you to take control of you and your family's dental health!

**4. It helps you keep your teeth!** Gum disease and tooth decay lead to tooth loss. These issues are most effectively treated by a dental professional.

**5. Enjoy a little peace of mind.** Let's say you or your child has a dental emergency like a chipped tooth, tooth pain or a lost tooth. You may be less worried about the financial burden of fixing the problem knowing you have dental insurance.

**6. Minimize your dental out-of-pocket expenses.** Bridges, crowns, implants, root canals, and other major issues are spendy. Finding a plan that will help minimize the costs can be very beneficial to your wallet!

**7. A boost of confidence!** A healthier, whiter smile and better breath may help you and your loved ones feel a little more confident.

**8. YOU AND YOUR FAMILY ARE WORTH IT!**
