## Copays: In-Network

Copay amounts differ by coverage area, which is based on your provider's zip code. Out-of-network pricing is different, which may result in higher costs compared to an in-network provider; see plan documents for details. Below is a quick look at sample copays for some of the most common dental procedures at in-network providers.

Prices may vary. Actual copays are based on the billing codes your provider submits. Patient costs increase once annual max benefit is reached. Products are not available in all states. Please call (800) 485-3855 to verify current state availability. Obtaining a pretreatment estimate of benefits before the services are rendered is highly suggested, as some procedure charges may be subject to alternate benefit provisions.

Like most group benefits programs, benefit programs offered by MetLife and its affiliates contain certain exclusions, exceptions, waiting periods, reductions, limitations and terms for keeping them in force. Ask your MetLife representative for costs and complete details.
