

## Procedure Charge Schedule

### How to use This Chart

1. If you participate in a MetLife Preferred Dentist Program plan that uses procedure charge schedules to determine your out-of-pocket expense for covered services rendered by a participating dentist, please refer to the chart below to determine which schedule applies to you. Please remember that the schedule you should refer to relates to the area in which you receive services (i.e. **the first three digits of your dentist's office zip code**). This chart contains some of the most common dental procedures. Please see your benefit booklet or refer to [www.metlife.com/mybenefits](http://www.metlife.com/mybenefits) for services covered under your dental plan.
2. When your dentist suggests treatment, refer to the appropriate ADA Procedure Codes beginning on page X to find your out-of-pocket expense for those services.
3. Please note that procedure charges listed may not represent the full extent of your out-of-pocket expense. Some services may be subject to your dental benefits plan's alternate benefit provisions. It is strongly suggested that you obtain a pretreatment estimate of benefits before the services are rendered in order to better understand what services are covered by your plan and an estimate of what your plan will pay.

## Important Information

Like most group insurance policies, MetLife group dental policies contain certain exclusions, waiting periods, reductions of benefits, limitations and terms for keeping them in force. For information about costs and complete details, contact your MetLife benefits representative.

Furthermore, MetLifePPO Copay R&C plans are not available for residents of Louisiana, Mississippi, Montana, or Texas and PPO MAC plans are not available for residents of Alaska, Louisiana, Mississippi, Montana, or Texas.

**Alternate Benefits:** Where two or more professionally acceptable dental treatments for a dental condition exist, reimbursement is based on the least costly treatment alternative. If you and your dentist have agreed on a treatment that is more costly than the treatment upon which the plan benefit is based, you will be responsible for any additional payment responsibility. To avoid any misunderstandings, we suggest you discuss treatment options with your dentist before services are rendered, and obtain a pretreatment estimate of benefits prior to receiving certain high cost services such as crowns, bridges or dentures. You and your dentist will each receive an Explanation of Benefits (EOB) outlining the services provided, your plan's reimbursement for those services, and your out-of-pocket expense. Actual payments may vary from the pretreatment estimate depending upon annual maximums, plan frequency limits, deductibles and other limits applicable at time of payment.

Group dental insurance policies featuring the Preferred Dentist Program are underwritten by Metropolitan Life Insurance Company, New York, NY 10166.
