6 undeniable reasons to invest in your dental wellness

1

Evade tooth decay

More than 60% of seniors had moderate or severe gum disease making them more susceptible to tooth loss and root decay.

2

Boost your confidence

Research shows that healthy teeth and gums are important to a person's self-esteem and how they feel about themselves.

3

Avoid a financial fiasco

Most Americans face serious dental problems and end up in the ER as a last resort, where treatment is 10x more expensive than the cost of preventative care.

4

Grow your family with financial security

20% of a child's total health care expenses stem from dental costs.

5

Reduce risk of life-threatening conditions

Poor oral health can increase the risk of serious health problems including cardiovascular disease, diabetes and stroke.

6

Empower yourself to prioritize dental health

Working adults are 30% more likely to visit a dentist at least once a year if they have dental insurance.
