Plan information

MAC/MAB claim allowance (Advantage Plus Network)

The Maximum Allowable Charge (MAC) claim allowance is the maximum amount a network provider may charge. If a policyholder selects a network provider, they may have lower out-of-pocket costs. If they visit an out-of-network dentist, the claim allowance is considered at the Maximum Allowable Benefit (MAB), which is equal to the lowest network contracted fee in the ZIP Code area. Policyholders pay the difference between what the plan pays and the dentist's actual charge.

U&C claim allowance (Advantage Plus)

If a policyholder visits an out-of-network dentist, covered benefits are paid at the 80th percentile of usual and customary (80th U&C) charges. This means we expect 8 out of 10 charges from dental providers to be within the amount insurance pays for a covered procedure.

Policyholders pay the difference between what the plan pays and the dentist's actual charge. If they visit a network provider, payments are based on the dentist's contracted fees (MAC/maximum allowable charge), which may result in lower out-of-pocket costs.

Additional information

Individuals 18+ and their dependents are eligible for coverage. Coverage can begin as soon as tomorrow. Policyholders are automatically opted in to receive same-day access to their policy and ID card electronically in the member portal, or they can opt out and receive them by mail within 10 days.
