6 reasons to choose an affordable dental plan like Magnum

1

Coverage for the essentials

Magnum focuses on the essentials—cleanings, exams, fillings and some major services—so you're not paying for expensive extras you might not need.

2

Preventive care covered 100% if you see an in-network provider

Cleanings, exams and routine X-rays help prevent bigger issues. Magnum keeps these services within reach so you can stay on top of your health without high costs.

3

Big in-network savings—instantly

With access to the Ameritas PPO Network, you can save 25–50% at in-network dentists—savings that often offset the cost of the plan itself!

4

Delaying coverage can cost more later

Cavities, gum issues and dental pain escalate quickly. Magnum Dental's affordable plans help you stay ahead of problems before they become major (and costly) treatments.

5

Preventive Plus takes your benefits farther

With Preventive Plus, routine preventive care doesn't count against your annual maximum. That means your full benefit is preserved for bigger, costlier treatments.

6

Credit for Prior Coverage (CPC) means faster access to benefits

If you've had dental insurance for at least 12 months (with no more than a 2-month gap), Credit for Prior Coverage lets you skip waiting periods and start with Year 2 benefits right away.

(CPC not available for DHMO, discount, or schedule plans.)
