Ameritas Dental Network

The Ameritas Dental Network is one of nation's largest, and network dentists charge 25-50% less than their regular rates, providing out-of-pocket savings to policyholders.

Network not available in MT, RI and PA counties of Forest and Potter.

Find network providers at ameritas.com — Find a Health Provider. Simply enter your ZIP Code and choose the Classic Network to start your search.

Preventive Plus

Preventive procedures are not deducted from the plan's annual maximum benefit. This saves all of the annual benefit to help pay for more expensive Basic and Major procedures.

Hearing

The PrimeStar Complete plan includes benefits for hearing exams and hearing aids for all ages. Benefits increase over time and are not tied to a network.

Child orthodontia

With the PrimeStar Boost plan, coverage for orthodontic services includes teeth straightening and jaw alignment for children under age 19.

Teeth whitening

Professional teeth bleaching, also known as whitening, is included as a Major (Type 3) procedure on the PrimeStar Boost plan.

Ameritas was ranked as the best dental insurance company for seniors in 2023 by Forbes Advisor.

Vision overview
